

MEMORANDUM FOR AGENDA ITEMS

TO:	Planning Commission
FROM:	Gregg R. Adams, Planner
DATE:	December 15, 2023
SUBJECT:	An Ordinance Amending Zoning Ordinance Section 350-42(e) Fences and Retaining Walls to Require a Zoning Permit for All Fences and Retaining Walls

- **Background Information:**

Staff has been aware of an issue within the Zoning Ordinance with regard to fences and retaining walls. The current Section stipulates that fences four feet in height and under do not require a permit. However, staff has noticed a number of small fences that have appeared within clear-sight triangles of intersections, on Township easements and within Township rights-of-way. Additionally, any fence requiring holes be dug also requires a PA One Call. Staff requests that the requirement for fences to secure a permit be extended to all fences so that such issues may be caught before the fence is installed.

The original proposed Ordinance amendment was included in the Zoning Ordinance Service Pack 2C, which was reviewed by the Planning Commission at their July 21, September 15, October 20, and December 15, 2022 meetings. The proposed Ordinance amendment, as part of the Zoning Ordinance Service Pack 2C, was recommended for approval by the Planning Commission at their December 15, 2022 meeting.

Since that meeting, staff has recommended a number of further changes to the language to:

- clarify the need for building permits in certain situations
- to add clear sight requirements to proposed fence locations
- to remove exemptions to the requirement for a Zoning permit
- to add the requirement for a PA One Call and clear marking of the fence location prior to installation

- **Action Requested:**

Review and possible recommendation for the language of the proposed amendment.

- **Attachments:**
